

## Visualizer (Graphics & Motion Designer)

Deadline: July 15, 2026 | Type: Full Time | TIMING: Day Shift

### Job Overview:

Apex DMIT Limited is looking for a creative, detail-oriented Visualizer who can translate ideas into compelling visual stories. This role is ideal for individuals with strong design fundamentals, a deep understanding of branding, and the ability to produce high-impact visuals across digital and print platforms.

As a **Visualizer at Apex DMIT**, you will collaborate with cross-functional teams to conceptualize and execute designs that elevate our brand and communication. You'll work in a fast-paced creative environment and gain hands-on experience in:

- Creative concept development and visual storytelling
- Branding, campaign design, and layout composition
- Digital design for social media, web, and multimedia content
- UI/UX-inspired visual direction and presentation design
- Motion graphics and advanced visualization (preferred)

If you're passionate about design, enjoy crafting visually engaging narratives, and want to play a key role in shaping modern brand experiences, this role is for you.

**No of Vacancies: 01**

### Job Highlights:

- Day Shift: 8 AM to 5 PM
- Work Days: Saturday- Thursday
- Weekend: Friday
- Job Location: Dhaka (Banani)

### Job Responsibilities:

- Develop and execute motion graphic content, brand videos, and promotional reels across all group brands.
- Design and animate logos, typography, and brand visual elements maintaining consistency with brand guidelines.
- Collaborate with marketing and creative teams of each concern to deliver high-quality visual and motion content.
- Create AI-generated visuals and motion videos using tools like Runway, Sora, Midjourney, Leonardo, or Pika Labs, with strong prompt-writing capability.
- Work on brand campaigns, product launches, and storytelling videos for property, resort, and fashion divisions.

- Maintain a strong understanding of brand identity, visual hierarchy, and modern design aesthetics.
- Stay updated on design, motion, and AI trends to bring innovation into the group's creative output.

**Education Requirements:** Bachelor of Arts (BA)/Bachelor's degree in Graphic Design, Multimedia Arts, Visual Communication, or related field.

**Skills Requirements:**

- Expertise in Adobe Creative Suite (After Effects, Premiere Pro, Illustrator, Photoshop).
- Strong sense of branding, typography, composition, and visual storytelling.
- Advanced understanding of AI image & video generation tools and ability to write effective creative prompts.
- Experience in 3D animation, product visualization, or motion tracking is a plus.
- Excellent communication, teamwork, and time management skills.
- Graphics Design, Motion Design & Video editing.
- ATL & BTL Design Works

**Location:** Banani

**Compensation & Other Benefits:**

- Competitive Salary Structure
- Yearly Salary Review
- Yearly 2 Festival Bonus
- Structured Training & Development Program (Yearlong)
- A collaborative and growth focused work environment.
