

## 🔔 Hiring Alert: Assistant Product Manager – Arogga 🔔

We are growing fast and need an Assistant Product Manager to join our Product Development team.

🧠 At Arogga, we're on a mission to make healthcare accessible and affordable for all of Bangladesh. To do that, we need to be found.

🔥 Why this role is different:

This isn't just about managing features—it's about owning them end-to-end. You'll build products that help millions of Bangladeshis access affordable healthcare, working alongside engineering, design, and business teams in a fast-paced, mission-driven scale-up. Your work won't just move metrics; it will save lives.

🔍 We are looking for:

- ✅ 3-4 years of Product experience (E-commerce/Health-Tech/Logistics preferred).
- ✅ End-to-end product ownership: Discovery → PRD → Delivery → Launch.
- ✅ Strong in PRDs, user stories, and prioritization (RICE/MoSCoW).
- ✅ Hands-on with Jira, Figma, Notion.
- ✅ Portfolio of past work (PRDs, case studies) is a must-have.

The Rewards:

💰 Competitive salary (50,000-70,000 BDT).
