

## Solara Energy

### Graduate Trainee – EEE or BBA/ Interns – EEE or BBA

job type is Full-time.

Graduate Trainee – EEE

#### **About the job**

##### **#About Us-**

Solara Energy Ltd is a forward-thinking renewable energy company committed to delivering sustainable and efficient energy solutions. We are expanding our team and looking for bright, enthusiastic fresh graduates and interns ready to grow with us and make a real impact in the green energy sector.

If you're passionate about innovation, sustainability, and building a cleaner future, we want you on our team!

##### **#Roles We're Hiring For-**

- Assist in the design, testing, and implementation of solar energy systems.
- Support site assessments and technical feasibility studies.
- Work with the engineering team on renewable energy projects.
- Learn to troubleshoot and maintain electrical components and systems.
- Support business development, market research, and client engagement.
- Assist in project management, documentation, and operational tasks.
- Help develop strategies to drive company growth and customer satisfaction.
- Collaborate with teams to improve processes and achieve business goals.
- Gain hands-on experience in renewable energy projects or business operations.
- Work closely with mentors and contribute to real-world assignments.
- Learn industry practices and build professional skills in a supportive environment.

##### **#What We Look For-**

- Fresh graduate in Electrical & Electronics Engineering or BBA (or related fields).
- Strong willingness to learn and adapt in a fast-paced industry.
- Good communication skills and a proactive attitude.
- Basic understanding of renewable energy (preferred but not mandatory).
- For engineering roles: familiarity with electrical systems and CAD tools is a plus.

### #Why Join Solara Energy?-

- **Unlimited Commission:** Earn attractive commissions with NO CAP – your hard work directly boosts your income.
- **Daily Allowance & Travel Allowance:** Additional financial support to cover your daily and travel expenses.
- **Flexible Salary:** Negotiable package based on your skills, potential, and experience.
- **Real-World Experience:** Work on meaningful projects that contribute to a sustainable future.
- **Learning Environment:** Mentorship, training, and growth opportunities in the renewable energy sector.
- **Professional Development:** Build your career with a company that values innovation and talent.

### #Office Hours-

Sunday – Thursday: 10:00 AM to 6:00 PM

### #How to Apply-

Ready to power the future with us?
