## Job Overview:

Aurwave is seeking a **creative web Design Intern** to support the design and development of modern, responsive websites. This role offers hands-on experience and a **clear opportunity for full-time growth** based on performance.

## Responsibilities

- Assist in building websites using **WordPress, Wix, and Webflow**
- Create UI designs and wireframes using **Figma**
- Support theme customization and design updates
- Apply basic UI/UX and responsive design principles

## Requirements

- Basic knowledge of web Designing, CMS platforms
- Familiarity with Figma or similar tools
- Strong interest in web design and learning

- Portfolio or sample design work

### Why Aurwave?

- Work with Supportive, design-focused expert team
- Opportunities for **potential permanent role**.
